TRANSMITTAL FOR REPLACEMENT FORM PTO 1449

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

OFFICIAL

Sir:

Transmitted by facsimile, herewith, is a revised version of the Form PTO 1449 submitted with the IDS filed October 1, 2001.

The IDS was filed with the International Search Report, copies of the references cited in the International Search Report, and the Form PTO 1449, which listed the cited references. A copy of the Form PTO 1449 marked "Incomplete citations - not considered" was attached to the Office Action mailed September 26, 2003. It would appear that the previously filed IDS meets the requirement (in PTO Rule 98(a)(1) and MPEP 609) for filing a "separate paper," which lists the submitted references, in order to have the references officially "considered." The International Search Report submitted with the IDS contains a complete citation of each reference in-and-of-itself; and, by cross referencing with the International Search Report, the complete citation of each reference listing on the Form PTO 1449 is readily apparent. Nonetheless, the replacement Form PTO 1449 transmitted herewith includes the names and volume numbers of the scientific journals in the reference citations on the submitted International Search Report, which were missing from the submitted Form PTO 1449. The Examiner is asked to initial the attached Form PTO 1449 and provide a copy of the initialed form with the next Office communication.

Respectfully submitted,

JACOBSON HOLMAN PLLC
